Time Management · Communication

SUMMARY

I am a Computer Science and Engineering undergraduate with strong fundamentals in Python programming, frontend web development, and backend basics using Node.js and MongoDB. I have experience in building responsive web applications and maintaining clean, version-controlled codebases. I am actively seeking internship or entry-level opportunities to gain hands-on industry experience and grow as a full-stack developer

EXPERIENCE

Academic & Personal Projects

01/2024

Web Developer

Various academic and personal projects focusing on web development

- Developed responsive web applications using modern frontend technologies
- Implemented backend logic using Node.js and MongoDB for data handling
- Built REST-based CRUD APIs for small-scale applications
- Designed and deployed a personal portfolio website showcasing projects and skills

EDUCATION

Loyola Institute of Technology

Chennai

B.E. Computer Science and Engineering

2024 - 2028
